Close to the needs – the closest to farmer

Close to the needs – the closest to farmer

Keeping with our motto – the closest to farmer – we supply farmers in all goods needed in producing processes.

Endowed by trust – we give a lot in return. We treat needs of each Client and Partner individually to meet the most properly on their preferences.

We do business in Poland and in the neighboring countries. We do care about details and we are focused on honesty.

Quality is the main indicator of our activities and decisions. We keep the highest level of our quality, not only in goods we offer, but also in services we provide and in our business relations with the Clients and the Partners.

The employees are the company. We have trust in passionate, aware, responsible and honest people.

The offer adjust to requirements...

Seed material

We care about the availability of known and proven varieties that farmers choose. We also encourage you to choose selected and recommended news. We offer seed material from the branch leaders including also the unique varieties.

Fertilizers

Foliar nutrition, single and multiple fertilizers, lime fertilizer - our offer will meet even the most demanding crops. In addition to standard, we also offer products whose composition we developed together with production companies.

Plant protection products

We understand the need for a rational choice of protection products. We offer proven, branded products in many different packages.

Feed and feed additives

We meet the needs of both, farmers choosing ready-made complete feed, and those, who produce them in their own farm as well. Agrolok has a wide range of products for all groups of farm animals.

Others

Completion of the offer are bale and silo films, agricultural bale netwrap and ropes (cords, strings)

Turnover of agricultural produce

The full success of agricultural production determines its profitability. Agrolok proposes attractive conditions of sale and purchase of agricultural products, providing a guarantee of delivery and reception on time.

Transport and logistics service

To the specific products we adapted several distribution systems. We care about the timely execution of orders, we are also ready to keep customers on order status.
